## THE ANTI-CORRUPTION AND ECONOMIC CRIMES ACT

(No. 3 of 2003)

## THE KENYA ANTI-CORRUPTION COMMISSION

FOURTH QUARTERLY REPORT FOR THE YEAR 2010 COVERING THE PERIOD OF 1ST OCTOBER, 2010 TO 31ST DECEMBER, 2010

*Preamble*

The Kenya Anti-Corruption Commission is required under section 36 of the Anti-Corruption and Economic Crimes Act, 2003, to prepare quarterly reports setting out the number of reports made to the Attorney-General under section 35.

Section 35 provides that:

1. Following an investigation, the Commission shall report to the Attorney-General on the results of the investigation.
2. The Commission's report shall include any recommendation the Commission may have that a person be prosecuted for corruption or economic crime.

Section 36 provides that:

1. The Commission shall prepare quarterly reports setting out the number of reports made to the Attorney-General under section 35 and such other statistical information relating to those reports, as the Commission considers appropriate.
2. A quarterly report shall indicate if a recommendation of the Commission to prosecute a person for corruption or economic crime was not accepted.
3. The Commission shall give a copy of each quarterly report to the Attorney-General.
4. The Attorney-General shall lay a copy of each quarterly report before the National Assembly.
5. The Commission shall cause each quarterly report to be published in the Gazette.

This report is therefore made pursuant to section 36 of the Anti-Corruption and Economic Crimes Act, 2003. The report covers the third quarter of the year 2010 and is for the period commencing 1st October 2010 to 31st December, 2010.

## INVESTIGATIONS COVERING THE PERIOD 1ST OCTOBER TO 31ST DECEMBER 2010

KACC/FI/INQ/152/2010

Inquiry into allegations that officials of the Ministry of Industrialization issued exemptions for importation of over age motor vehicles, in contravention of the Kenya Standard KS 1515: 2000 and the Verification of Conformity to Kenya Standards of Imports Order (Legal Notice No. 78 of 2005). The investigations revealed that between the months of January and September 2010, the Minister for Industrialization exempted a total of 515 used motor vehicles that were over the allowed age of eight years. Out of these vehicles, 137 were exempted by the Minister without consulting or seeking advice from the National Standards Council. The Minister also granted the exemption without due consideration for national interest. Investigations further revealed that most of the persons who benefited from the exemptions were traders who were importing vehicles for sale and therefore were not included in the category stipulated in Legal Notice No. 78 of 2005. In the circumstances, the evidence established that the Minister was culpable for granting the exemptions without due regard to the procedure and applicable requirements.

The file was forwarded to the Attorney-General on 21st December, 2010 recommending that the Minister be charged with the offences of abuse of office contrary to section 46 of the Anti-Corruption and Economic Crimes Act, 2003 and wilful disobedience of statutory duty contrary to section 130 of the Penal Code, Chapter 63 of the Laws of Kenya. The Attorney-General accepted the recommendation for prosecution on 3rd January, 2011.

KACC/FI/INQ/108/2009

Inquiry into allegations of irregular procurement of consultancy services for review and development of the Kenya Wildlife Services

(KWS) Strategic Plan for 2008-2012. Investigations revealed that although KWS indicated in the Request for Proposals that the bidder was to install the Balance Score Card software, they failed to give the specifications of the kind of software required. This was in breach of Section 79(a) Public Procurement and Disposal Act, 2005 that specifically required the procuring entity to prepare terms of reference setting out the specific requirements prepared relating to the services, and if applicable, the goods being procured and the time limit for delivery of completion. The investigation further revealed that the Evaluation Committee of KWS varied the evaluation criteria by excluding the BSC software specification, which variation was endorsed by the Tender Committee. This was in contravention of the procurement regulations.

The report was forwarded to the Attorney-General on 7th October, 2010 recommending that the Managing Director, KWS, the Deputy Director of Finance, Head of ICT and Procurement, alongside all the members of the Evaluation and Tender Committees be charged with the offence of wilful failure to comply with the law relating to procurement contrary to section 45(2) of the Anti-Corruption and Economic Crimes Act, 2003. It was further recommended that administrative action be taken against the Director General Public Procurement Oversight Authority for failure to review the procurement of the consultancy despite receiving a complaint from one of the bidders. The file was returned by the Attorney-General on 22nd December 2010, recommending further investigations.

KACC/FI/INQ/34/09

Inquiry into allegations of irregular procurement of two ICT consultants by the Kenya Airports Authority (KAA). In order to achieve its desired ICT strategy, KAA through an open tender awarded a Consultancy Contract to the successful bidder in 2005, for ICT Strategy and Implementation. The investigation revealed that in March 2006, the contract was terminated by KAA citing failure to avail key personnel by the firm contracted. The investigation established that upon the termination of the first Consultancy, the Managing Director (KAA) approved the hire of two new ICT consultants. The investigation revealed that the two did not tender any proposals for evaluation as required under the procurement regulations. Instead, they were hired like any other KAA employee and put on the KAA payroll. They did not have any TORs detailing the nature of their consultancy, the time frame and expected deliverables. The investigation showed that the officers at KAA who hired the two persons were culpable for failure to comply with the laid down public procurement regulations.

The file was forwarded to the Attorney-General on 12th October, 2010 recommending that the suspects, namely the MD, ICT manager, General Manager Finance, Human Resource manager and procurement manager be charged with the offence of wilful failure to comply with the applicable laws relating to procurement contrary to section 45(2) (b) and abuse of office contrary to section 46 of the Anti-Corruption and Economic Crimes Act, 2003. The file was returned by the Attorney-General on 22nd December, 2010 recommending further investigations.

KACC/MSA/FI/15/2010

Inquiry into allegations that the appointment of a law firm to handle debt collection and revenue enforcement at the Municipal Council of Mombasa was fraudulent and contravened the Public Procurement and Disposal Act, 2005. The investigations revealed that sometime in 2004, the Municipal Council of Mombasa entered into a contract with a private company for the installation and implementation of a Geographical Information System in the Council. The company established a revenue recovery team comprising of a lawyer, an auctioneer and a valuer to enhance revenue collection. It was agreed between the Council and the company that the lawyer would be part of the private firm's staff. The investigation revealed that notwithstanding this fact, the lawyer appointed by the private firm demanded for payment directly from the Municipal Council in respect of rates that he had collected from defaulters. Since the lawyer had no contract with the Council, he was not entitled to make any claim directly from the Council. Moreover, the investigation further revealed that the money that he demanded for and was paid to him by the council was not advocates debt collection fees. Instead, it was money that the council was entitled to retain. In addition two officers from the council authorized the payment to the lawyer in spite of them knowing that the lawyer had no contract with the council and that he was not entitled to the payment. The payment made to the lawyer was therefore irregular and unlawful.

The file was forwarded to the Attorney-General on 22nd October, 2010 recommending that the three suspects namely; the lawyer be charged with the offences of unlawful acquisition of public property contrary to section 45(1) and the two council officials with abuse of office contrary to section 46 of the Anti-Corruption and Economic Crimes Act, 2003. The Attorney-General accepted the recommendation for prosecution on 2nd December, 2010.

KACC/FI/INQ/09/2010.

Inquiry into allegations that a Senior Education Officer in the Ministry of Education, misappropriated part of KSh. 8,574,740 entrusted to her to facilitate a national school based de-worming exercise in the Coast, Western, Nyanza, Eastern and Nyanza Provinces. The imprest was meant to facilitate the training workshops for the officers who would be involved in the exercise. The investigations revealed that at the time of the surrender of the imprest, the suspect used forged documents in purported justification of the expenses incurred. She submitted forged fuel tickets, as well as exaggerated allowance payment claims for the workshop participants.

The file was forwarded to the Attorney-General with recommendations that the suspect be charged with the offences of fraudulent acquisition of public property contrary to section 45(1) of the Anti-Corruption and Economic Crimes Act, 2003, false accounting by a public officer contrary to section 331 (1), and uttering false documents contrary to section 353 of the Penal Code. The Attorney-General accepted the recommendation for prosecution on 29th November, 2010.

KACC/MSA/FI/INQ./40A/2006

Inquiry into allegation that the Export Processing Zone Authority Board (EPZA), procured motor vehicles from Marshalls East Africa Limited and Toyota East Africa Limited using single sourcing method contrary to the existing procurement laws and regulations.

Investigations established that the EPZA Board approved a request by the EPZA management to purchase new cars through a financing arrangement that would have interest charged at no more than a flat rate of 10% per annum. EPZA proceeded to procure nine motor vehicles from the two companies in question by way of single sourcing and without first ensuring that there was sufficient money in the EPZA budget to cater for the purchase. This was in contravention of Regulations 17(1) and 17(6) of the Exchequer and Audit (Public Procurement) Regulations, 2001.

A report was compiled and forwarded to the Hon. Attorney-General on 2nd November, 2010 with the recommendations that the members of the EPZA Board be charged with the offence wilful failure to comply with law relating to procurement of goods, contrary to section 45 (2) (b) of the Anti-Corruption and Economic Crimes Act, 2003. The Attorney-General accepted the recommendation for prosecution on 21st December, 2010.

KACC/INQ/FI/26/2010

Inquiry into allegations of abuse of office and embezzlement of KSh.1,370,000 against a Senior Assistant Director of Education, while conducting workshops for training members of school infrastructure committees for primary schools in Central and Nairobi Provinces. The investigation showed that the suspect received the aforesaid sum to pay lunch allowance and transport reimbursement to participants and facilitators. At the time of surrender of the imprest, the suspect purported to have expended the entire imprest. The investigation however revealed that he used false documents to surrender the imprest. The payment schedules were altered to exaggerate the amounts received by the participants. The suspect was therefore culpable for false accounting.

The file was forwarded to the Attorney-General on 13th October, 2010 recommending the prosecution of the suspect for the offence of false accounting contrary to section 331(1) of the Penal Code. The Attorney-General accepted the recommendation for prosecution on 21st December, 2010.

KACC/FI/INQ/162/2010

Inquiry into allegations of embezzlement against an employee of the Western Kenya Community Driven Development and Flood Mitigation Project. The investigation established that the said officer received an imprest of KSh. 5,532,000 to facilitate a workshop on Environmental Social Management Framework at the Kisumu Hotel. The investigations also revealed that the suspect surrendered the imprest using false documents in support of expenditure. The payment

schedules were altered to exaggerate the amounts received by the participants. The payment schedules also included names of persons who neither attended the workshop nor received any reimbursement.

The file was forwarded to the Attorney-General on 29th December, 2010, recommending that the suspect be charged with the offences of fraudulent acquisition of public property contrary to section 45(1) and deceiving principal contrary to section 41(1) of the Anti-Corruption and Economic Crimes Act, 2003; and in the alternative, false accounting by a public officer contrary to section 331(1) of the Penal Code. Recovery proceedings for the monies fraudulently acquired were also recommended. The Attorney-General accepted the recommendation on 3rd January, 2011.

KACC/FI/INQ/186/2009

Inquiry into allegations of fraud and corruption against an employee of the Western Kenya Community Driven Development and Flood Mitigation Project. The investigation established that the said officer took an imprest of KSh.1,151,770 to organize a training workshop for Community Development Committee members at Busia Agricultural Training Centre. The investigations also revealed that the suspect surrendered the imprest using false documents in support of expenditure. The participants' lists were doctored to include the names of persons who did not attend the workshop and the payment schedules falsified to indicate that the said people were paid when in actual fact they were not paid.

The file was forwarded to the Attorney-General on the 18th November 2010, recommending that the suspect be charged with the offences of fraudulent acquisition of public property contrary to section 45(1) and deceiving principal contrary to section 41(1) of the Anti-Corruption and Economic Crimes Act, 2003; and in the alternative, uttering false documents contrary to section 353 of the Penal Code. The Attorney-General accepted the recommendation for prosecution on 21st December, 2010.

KACC/FI/INQ/36/2007

Inquiry into allegations that a businessman fraudulently evaded payment of customs duty on a Motor Vehicle. It was alleged that the suspect imported the said motor vehicle from the UK and purportedly sold it to an International Organization that enjoys duty free facility. The investigation revealed that the vehicle was cleared free of duty and registered in the name of the said organization. The NGO got to know of the existence of the motor vehicle several years later when it was involved in a road traffic accident. It was under the custody of the suspect who also had in his possession a Log Book in the name of the organization.

The file was forwarded to the Attorney-General on 28th October 2010 recommending that the suspect be charged with the offence of fraudulent evasion of payment of Customs duty contrary to section 187(f) of the Customs and Excise Act, and the full amount of duty payable and the attendant penalties be recovered by the Kenya Revenue Authority. The Attorney-General accepted the recommendation for prosecution on 3rd December, 2010.

KACC/FI/INQ/55C/05

Inquiry into allegations of abuse of office against a former Director, and a Finance and Administration Manager respectively of Kenya Wines Agency (KWAL). It was alleged that the two officers failed to remit KSh. 600,000 paid to them by a private firm in respect of products purchased by the said firm from KWAL on credit. The investigation revealed that the private firm was a distributor of KWAL products. The firm authorized one of their employees to collect goods from KWAL on its behalf. It is in the course of collecting the products that the employee of the firm entered into an arrangement with the two officers at KWAL to obtain goods on credit on the strength of post dated cheques. It was a requirement that since the firm was in the category of cash account customers, for it to be accorded credit facilities; it had to furnish a bank guarantee. The investigation revealed that the firm's employee was not one of its directors and therefore could not furnish such a guarantee. In spite of the there being no bank guarantee given, the Finance and Administration Manager gave an approval for the firm to obtain products on credit. The investigation showed that this approval was irregular. As a result, the firm received goods on credit worth KSh. 600,045. The investigation further revealed that the former KWAL director offered his own personal cheques to KWAL as bank guarantee in order for the private firm to obtain goods on credit. In return the firm's employee deposited into the director's account funds to cater for the cheques issued. The

evidence obtained did not reveal that the director remitted the money paid to him to KWAL for the products. By failing to remit the money to KWAL, the Director improperly conferred a benefit to himself, whereas the Finance Manager by authorizing the private firm to obtain products on credit improperly conferred a benefit on the firm.

The file was forwarded to the Attorney-General on 28th December, 2010 recommending that the two suspects be charged with the offence of abuse of office contrary to section 46 of the Anti-Corruption and Economic Crimes Act, 2003. The Attorney-General accepted the recommendation on 3rd January, 2011.

KACC/FI/INQ/24/2010

Inquiry into allegations that a Senior Education Officer, Ministry of Education misappropriated an imprest of KSh. 1,173,000 meant for training Management Committees and Education Officers in Eastern Province. The investigations revealed that the suspect did not properly account for the imprest that he received. The investigations also revealed that reimbursements to the workshop participants were done in an arbitrary manner and imprest surrender was not backed by any evidence of documentation to authenticate the amounts purportedly made. In addition, persons listed as facilitators denied either facilitating or being paid the sums indicated in the reimbursement schedules.

The file was forwarded to the Attorney-General on 28th December, 2010 recommending that the suspect be charged with the offences of deceiving principal contrary to section 41(1) and fraud by a person employed in the public service contrary to section 127(1) of the Penal Code. The Attorney-General accepted the recommendation on 3rd January, 2011.

KACC/FI/INQ/55/2010

Inquiry into allegations of embezzlement of KSh. 763,000 by an accountant with the Ministry of Education. The investigation disclosed that the accountant received the imprest which was to cater for the payment of participants and facilitators at a Steering Group Writing workshop held at the Agricultural Resource Centre Hotel. The investigation revealed that the suspect surrendered the imprest using false documents. The investigation further revealed that a Senior Deputy Director of Basic Education received a sum of KSh. 20,000/= from the suspect although he did not attend the workshop.

The file was forwarded to the Attorney-General on 6th October, 2010 recommending that the two suspects be charged with the offences of deceiving principal contrary to section 41(1) and fraudulent acquisition of public property contrary to section 45(1) of the Anti-Corruption and Economic Crimes Act, 2003. Recovery proceedings for the monies fraudulently acquired were also recommended. The Attorney-General accepted the recommendation for prosecution on 29th November, 2010.

KACC/PI/INQ/108/2009

Inquiry into allegations of fraudulent dismissal of a former employee of the Ministry of Transport and Communications and allegations of corrupt practices at the Ministry. The investigation established that the said officer was retired in public interest by the Public Service Commission, after a Judicial Committee of Inquiry found him guilty of misconduct. He challenged the retirement at the High Court but his suit was dismissed. Since the court dismissed his claim for unlawful dismissal, the Commission was of the view that the other avenue open to him was to appeal the decision. As concerns the allegations of corrupt practices, the Commission recommended that the same be referred to the Criminal Investigations Department (CID) for investigations and appropriate action, noting that the payments were allegedly made twenty years ago and could therefore disclose Penal Code offences.

The file was forwarded to the Hon. Attorney-General on 4th October 2010 recommending that the matter be referred to the CID. The Attorney-General accepted the recommendation to refer the matter to the CID on 21st December, 2010.

KACC/FI/INQ/95/2005

Inquiry into allegations that the Permanent Secretary, Ministry of Agriculture colluded with the Permanent Secretary Ministry of Lands and Housing, to fraudulently allocate a government house at Mugoya Phase IV Estate to the wife of the Permanent Secretary, Ministry of Agriculture. Investigations established that in 2002, the Government of Kenya decided to sell some of its non-strategic houses located in

various parts of the country. A Task Force was formed to identify the houses for sale, prepare sale documents and facilitate their transfer. One of the houses earmarked for sale was HG. 70 Mugoya Phase IV Estate. The occupant of the house made an application to purchase the house but the application was declined because the property had earlier been purchased by the wife of the former Permanent Secretary, Ministry of Agriculture. Investigations further revealed that, a Cabinet decision was made to the effect that all houses sold to non-civil servants, but had been occupied by civil servants should be repossessed. Since the allottee of the house in question was not a civil servant, she did not qualify for allocation. However, in the course of investigations, it was established that the allottee withdrew her interest in the property and surrendered the lease to the Commissioner of Lands. A refund of the purchase price was made to her.

A report was compiled and forwarded to the Hon. Attorney-General on 15th November, 2010 recommending the closure of the inquiry file. The Attorney-General accepted the recommendation for closure on 20th December, 2010.

KACC/FI/INQ/18/2009

Inquiry into allegations that a consignment of six used motor vehicles was cleared at the Mombasa Port in spite of them not meeting Kenyan Standards under KS 1515: 2000. It was further alleged that because the motor vehicles were more than 8 years old from their date of manufacture, their importation therefore contravened Clause 2.5 of the Kenya Standard Code of Practice for Inspection of Road Vehicles.

The investigation established that five of the motor vehicles in question exceeded the age limit provided for motor vehicle imports into the country. In accordance with Paragraph 7(3) of the Verification of Conformity to the Kenya Standards of Imports Order, 2005, it was recommended that the 5 vehicles be shipped back to the country of origin or destroyed at the exporter's expense. It was further proposed that such reshipment or destruction be supervised by KACC officers. There was however, no sufficient evidence to warrant the criminal prosecution of any of the three suspects named in the inquiry file.

The file was forwarded to the Attorney-General on 4th October, 2010 with a recommendation that the inquiry file be closed. The file was returned by the Attorney-General recommending further investigations.

KACC/CR.141/320/2010-COURT FILE: MAKADARA ACC. NO. 3 OF 2010

Inquiry into allegations that a Police Officer, attached to Pangani Traffic Base, corruptly solicited for a benefit from the complainant as an inducement to facilitate the release of a motor vehicle which had been impounded for an alleged offence of having tinted windscreens. The investigation established the solicitation of the benefit. The suspect was arrested and charged with the offence of soliciting a benefit contrary to section 39(3) (a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Attorney-General on the 11th October 2010 with a recommendation that the case be prosecuted to its logical conclusion. The Attorney-General accepted the recommendation for prosecution on 29th November, 2010.

KACC/CR. 255/69/2010-COURT FILE: NYERI ACC. NO.1 OF 2010

Inquiry into allegations that two businessmen corruptly offered a benefit of KSh. 320, 000 to an officer of the Kenya Power & Lighting Co. Ltd as an inducement to facilitate the irregular release of KPLC electricity poles to them. The investigations established the offer made by the suspects. They were arrested at the scene as they supervised the loading of the poles onto a lorry. They were later charged in Court with corruptly offering a benefit and conspiracy to commit an offence of corruption.

The file was forwarded to the Attorney-General on the 12th October 2010 recommending the prosecution of the suspects. The Attorney-General accepted the recommendation for prosecution on the 20th December, 2010.

KACC/CR. 313/279/2010-COURT FILE: MALINDI ACC. NO. 2 OF 2010

Inquiry into allegations that the Lamu District Land Adjudication and Settlement Officer solicited for a benefit from the complainant as an inducement to facilitate the processing of a letter of offer in respect of the complainant's plot in Lamu/Hindi Magogoni. The investigation established the solicitation and receipt of the benefit. The suspect was arrested and charged with the offences of soliciting and receiving a

benefit contrary to section 39(3)(a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Hon. Attorney-General on 18th October, 2010 with a recommendation that the case be prosecuted to its logical conclusion. The recommendation to prosecute was accepted by the Attorney-General on 29th November, 2010.

## ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED PETROL SERVICE STATION ON L.R.NO. KAJIADO/KAPUTIEI NORTH/22606, ISINYA TOWNSHIP, KAJIADO DISTRICT

## INVITATION FOR PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environmental Management Authority (NEMA), has received an environmental impact assessment study report for the implementation of the proposed petrol service station.

The project will consist of a retail outlet for petroleum products which has the following salient features, structural steel canopy, concrete driveway to provide access into and from the petrol station, a service bay, service yard and a tire centre for vehicles' maintenance, a shop for spare parts, 4 no. of toilet-rooms for men and ladies, a parking for six vehicles, store, septic tank, an interceptor tank, underground storage tanks as follows: for diesel-30,000 liters, super petrol-20,000 liters, unleaded regular -20,000 liters and kerosine-10,000 liters, 4 no. of fuel-dispensing pumps.

The project is situated in Isinya Township along Nairobi-Namanga Road on a 0.15ha piece of land. It is within the jurisdiction of Kajiado County Council on L.R. No. Kajiado/Kaputiei-North/22606.

The following are the anticipated impacts and proposed mitigation measures.

Possible impacts	Mitigating measures
Disturbance and loss of vegetation	<ul style="list-style-type: none"> <li>Using the excavated or newly introduced soil for landscaping.</li> <li>Introduction of new vegetation to restore biodiversity.</li> </ul>

<i>Possible impacts</i>	<i>Mitigating measures</i>
Soils, geology and topography disturbance and soil erosion	<ul style="list-style-type: none"> <li>Plant appropriate trees along the plot boundary.</li> <li>Soil conservation measures shall be applied e.g. landscaping.</li> <li>Excavated soil shall be used to level the ground.</li> <li>Introduction of vegetation cover to prevent run off.</li> <li>Provision of adequate drainage facilities to control surface run off.</li> </ul>
Interference with drainage, water quality and increased runoff.	<ul style="list-style-type: none"> <li>Construct a segregated drainage system in which pure rainwater from roofs of buildings is directly discharged into the open storm water drainage channels while the oil-contaminated waste water is channelled into the OWS for treatment.</li> <li>Appropriate storage, servicing and disposal of construction plant and equipment.</li> <li>Introduce rain harvesting techniques.</li> <li>Landscaping all unpaved areas.</li> <li>Disposal of solid waste in designated areas.</li> </ul>
Noise pollution	<ul style="list-style-type: none"> <li>Fitting all mechanically powered plants with suitable silencers.</li> <li>Use of ear muffs by construction personnel.</li> <li>Controlled use of machinery.</li> <li>Control the working time such that noise generated from the site does not cause a nuisance to the surrounding areas.</li> </ul>
Generation of solid wastes.	<ul style="list-style-type: none"> <li>Re use by-products where possible.</li> <li>Contract licensed garbage collection company.</li> <li>Raw materials shall be used at optimum levels, through source reduction, recycling, composting, re-use, combustion, and sanitary land filling.</li> <li>Display NO DUMPING OF WASTE warning signs in affected areas.</li> </ul>
Increased traffic	<ul style="list-style-type: none"> <li>Provision of access ways for vehicles.</li> <li>Movement of pedestrians and vehicles in and out of the site should be controlled.</li> <li>Traffic signs shall be provided at strategic locations to guide traffic.</li> </ul>
Increased insecurity due to development	<ul style="list-style-type: none"> <li>Provide all day and night security guards.</li> <li>Secure the project site with appropriate fencing.</li> </ul>
Increased worker accidents on the site	<ul style="list-style-type: none"> <li>A third party insurance policy shall be acquired as per the statutory requirements.</li> <li>All activities by workers shall be clearly identified and monitored.</li> <li>All areas prone to high risk and accidents shall be identified and warning signs provided.</li> <li>All workers on site must wear protective gear and equipment.</li> </ul>
Fire hazards	<ul style="list-style-type: none"> <li>Install fire fighting equipment in strategic locations.</li> </ul>

<i>Possible impacts</i>	<i>Mitigating measures</i>
	<ul style="list-style-type: none"> <li>Provide water hydrants.</li> <li>Provide signs showing fire fighting installations, emergency exits, and emergency procedures at strategic positions.</li> <li>Place alarm devices at strategic points.</li> <li>Place emergency numbers at strategic locations.</li> <li>Practice fire emergency drills more often.</li> <li>Ensure that the workers have undergone formal training on fire risk management.</li> </ul>

The full report of the proposed project is available for inspection during working hours at:

- Director-General, National Environment Management Authority, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Building, Community, P.O. Box 30521, Nairobi.
- Provincial Director of Environment, Nairobi Province.
- District Environment Officer, Kajiado District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

#### ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED DOG KENNELS, OFFICE FACILITIES AND VEHICLE WORKSHOP ON L.R NO. 27/332 & 27/335, NORTH MUTHAIGA, OFF KIAMBU ROAD

#### INVITATION FOR PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) regulations, the National Environmental Management Authority (NEMA), has received an environmental impact assessment study report for the implementation of the proposed dog kennels, office facilities and vehicle workshop.

The proposed project comprises of construction of a dog hold yard, a vehicle workshop and security guards training facility. The development will be of single floor permanent buildings comprising of:

- 114 dog kennels, 5 puppy kennels, overhead tank, guard house, 3 training rooms, toilets, 2 offices, soak pit/ septic tank, kitchen and washing yard, spares store, 10 parking bays.

The project is located in North Muthaiga, off Kiambu Road, opposite Wonderjoy Gardens about 1.5 km from Kiambu Road. The proposed development plot is on L.R No. 27/ 332 and 335 and measures about 4470 square metres.

The following are the anticipated impacts and proposed mitigation measures.

<i>Negative impacts</i>	<i>Mitigation measures</i>
High demand of raw materials	<ul style="list-style-type: none"> <li>Source building materials from local suppliers who use environmentally friendly processes in their operations.</li> </ul>

<i>Negative Impacts</i>	<i>Mitigation measures</i>	<i>Negative Impacts</i>	<i>Mitigation measures</i>
Increased storm water, runoff and soil erosion	<ul style="list-style-type: none"> <li>• Ensure accurate budgeting and estimation of actual construction material requirements to ensure that the least amount of material necessary is ordered, minimizing damage or loss of materials.</li> <li>• Roof water to be harvested and stored in water reservoirs for use in cleaning and in the toilets.</li> <li>• A storm water management plan that minimizes impervious area infiltration by use of re-charge areas and use of detention and/or retention with graduated outlet control structure shall be designed.</li> <li>• Apply soil erosion control measures such as leveling of the project site construction of soil-galleys on sloppy sections to reduce run-off velocity and increase infiltration of storm water into the soil.</li> <li>• Ensure that construction vehicles are restricted to existing roads to avoid soil compaction within and around the project site and ripping any compacted areas.</li> </ul>	Increased energy consumption	<ul style="list-style-type: none"> <li>• Trees around and within the site shall provide some buffer against noise propagation.</li> <li>• The noisy construction works shall entirely be planned to be during day time when most of the neighbors are away at work.</li> <li>• Ensure electrical equipment, appliances and lights are switched off when not being used, Install energy saving fluorescent tubes at all lighting points instead of bulbs which consume higher electric energy.</li> </ul>
Increased solid waste generation	<ul style="list-style-type: none"> <li>• Use of an integrated solid waste management system i.e. through a hierarchy of options: reduction, sorting, re-use, recycling and proper disposal.</li> <li>• Through accurate estimation of the sizes and quantities of materials required, order materials in the sizes and quantities they will be needed, rather than cutting them to size, or having large quantities of residual materials.</li> </ul>	Generation of waste water	<ul style="list-style-type: none"> <li>• Provision of means for handling sewage generated by construction workers.</li> <li>• Conduct regular checks for sewage pipe blockages or damages since such vices can lead to release of the effluent into the land and water bodies.</li> <li>• Monitor effluent quality regularly to ensure that the stipulated discharge rules and standards are not violated.</li> </ul>
Dust emission	<ul style="list-style-type: none"> <li>• Ensure strict enforcement of on-site speed limit regulations.</li> <li>• Avoid excavation works in extremely dry weathers if and when possible.</li> <li>• Sprinkle water on graded access routes when necessary to reduce dust generation by construction vehicles.</li> <li>• Personal Protective equipment to be worn.</li> </ul>	Incidents, accidents and dangerous occurrences	<ul style="list-style-type: none"> <li>• Ensure that provisions for reporting incidents, accidents and dangerous occurrences during construction using prescribed forms obtainable from the local Occupational Health and Safety Office (OHSO) are in place.</li> </ul>
Exhaust emission	<ul style="list-style-type: none"> <li>• Vehicle idling time shall be minimized.</li> <li>• Alternatively fuelled construction equipment shall be used where feasible; equipment shall be properly tuned and maintained</li> <li>• Sensitize truck drivers to avoid unnecessary racing of vehicle engines at loading/off-loading points and parking areas, and to switch off engines at these points.</li> </ul>	Occupational health and safety risks during construction and operational phases	<ul style="list-style-type: none"> <li>• Well stocked first aid box which is easily available and accessible shall be provided within the premises.</li> <li>• Fire fighting equipment such as fire extinguishers and hydrant systems shall be provided at strategic locations such as stores and construction areas.</li> <li>• Regular inspection and servicing of the equipment must be undertaken by a reputable service provider and records of such inspections maintained.</li> </ul>
Noise and vibration during construction period	<ul style="list-style-type: none"> <li>• Sensitize construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery not being used.</li> <li>• Sensitize construction drivers to avoid gunning of vehicle engines or hooting especially when passing through sensitive areas such as churches, residential areas and hospitals.</li> <li>• Ensure that construction machinery are kept in good condition to reduce noise generation.</li> <li>• Ensure that all generators and heavy-duty equipment are insulated or placed in enclosures to minimize ambient noise levels.</li> </ul>	Safety and security	<ul style="list-style-type: none"> <li>• Ensure general safety and security at all times by providing day and night security guards and adequate lighting within and around the construction site.</li> </ul>
		Oil spills	<ul style="list-style-type: none"> <li>• A designated garage section of the site fitted with oil trapping equipments to be planned for changes. Such an area shall be well protected from contaminating the soil.</li> </ul>
		Hydrology and Water quality degradation	<ul style="list-style-type: none"> <li>• Hazardous substance control and emergency response plan that will include preparations for quick and safe clean up of accidental spills.</li> <li>• Hazardous-materials handling procedures to reduce the potential for a spill during construction.</li> <li>• Identify areas where refueling and vehicle maintenance activities and storage of hazardous materials, if any, will be permitted.</li> <li>• Make sure the project is at least fifteen metres away from the center/highest flood point of the river touching on one site of the project site.</li> </ul>
		Increased pressure on infrastructure	<ul style="list-style-type: none"> <li>• Co-ordinate with other planning goals and objectives for region.</li> <li>• Up-grade existing infrastructure and services, if and where feasible.</li> </ul>
		Air pollution	<ul style="list-style-type: none"> <li>• Suitable wet suppression techniques need to be utilized in all exposed areas.</li> </ul>

<i>Negative Impacts</i>	<i>Mitigation Measures</i>
	<ul style="list-style-type: none"> <li>All unnecessary traffic must be strictly limited on site; speed controls are to be enforced.</li> </ul>
Conserving the nearby river channel	<ul style="list-style-type: none"> <li>Consult with WRMA to confirm the original water course as well as assist in ensuring its conservation.</li> </ul>
Potential noise pollution from dogs during the operation phase	<ul style="list-style-type: none"> <li>Proper and sufficient food and water.</li> <li>Adequate shelter.</li> <li>The opportunity to display normal patterns of behavior.</li> <li>Protection from and rapid diagnosis of any significant injury or distress.</li> <li>Adequate exercise.</li> <li>Proper disposal of waste from the kennels and the kitchen.</li> <li>Constructing sound proof dog kennels.</li> <li>Ensuring that the site acts as resting place for the dogs during the day (for a duration of 6-8 hours only).</li> <li>No dog activities during the night (between 6pm and 8am).</li> </ul>
Socio-economic/cultural impacts/community engagement/HIV/AIDS awareness	<ul style="list-style-type: none"> <li>Provide priority in employment opportunities to people from the neighbouring community.</li> <li>Security to be provided on site at all times.</li> <li>Fence around the site to minimise intrusion and promote good neighbourliness, including respect for neighbours' privacy.</li> <li>Develop a grievance mechanism, which shall outline how Securex will address any complaints or grievances raised by the neighbours or by their employees.</li> <li>All communication with the community shall be documented.</li> <li>Try as much as possible to complete the project within the stipulated time to reduce nuisance to the neighbour.</li> <li>Provide training and awareness on HIV/AIDS at the workplace and where possible, avail literature on HIV/AIDS awareness to staff.</li> <li>Develop and communicate the company policy for HIV/AIDS in line with Government policy guidelines.</li> <li>Display communicative posters within company premises on HIV/AIDS related messages.</li> </ul>
Emergence of new environmental concerns during the construction and operation phase	<ul style="list-style-type: none"> <li>Due to the magnitude and nature of the project, the Firm of experts shall carry out monitoring and evaluation. More so an initial environmental audit shall also be carried out within a period of 12 months after commencement of the operations.</li> </ul>

## THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

### THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

#### STRATEGIC ENVIRONMENTAL ASSESSMENT REPORT FOR THE ECONOMIC STIMULUS PROGRAMME (ESP) “REFORESTATION, SUSTAINABLE DEVELOPMENT AND CARBON SEQUESTRATION PROJECT IN KENYAN DEGRADED LANDS”

#### INVITATION OF PUBLIC COMMENTS

##### *Proposed Carbon Project Components*

The proponent proposes to expand the restoration of degraded lands by exploiting the following options□

- Tree planting by 4,200 primary schools to fast track reforestation initiative;
- Improvement of market centres in rehabilitating 210 “jua kali” sheds and 200 hospitals through a beautification initiative of landscaping by plating grass, flowers and trees;
- Minimize soil erosion around 200 fish ponds and promote effective use of water in irrigation for improved agriculture productivity in Bura, Hola, Pekera, Tana Delta, Kibwezi, Ahero, West Kano, Bunyala, Mwea and South West Kano;

##### *Alternative Options*

The reforestation of degraded lands option shall study the reforestation technological and land use inputs for the proposed expansion of restoration of the ecosystem that shall facilitate, meet current and future forestry service demands for Kenya. The proponent with the advice of the lead expert has settled on the carbon sequestration of ecosystem restoration for the economic stimulus programme as it was considered to be economical in term of resources and the technological input. The fish ponds will consist of excavations, breaking soil, dumping soil and treading on biodiversity. The potential environmental impact of the fish ponds will be released of stored carbon dioxide (CO<sub>2</sub>) gas a greenhouse gas from below the ground.

The strategic environmental assessment considered the following alternatives carefully.

##### *If there is no project:*

The people living in the Kenya rural areas are amongst the poorest in the country with 62% of the people living below the poverty line thus making the rural area the most poverty stricken f the country. Implementation of sound projects such as the Economic Stimulus Programme that provide clear measurably benefits to the poor communities, opportunities for knowledge exchange and capacity building and natural resource management skills would have a significant impact on the livelihoods and quality of life to the communities involved in this project. Livelihoods are unlikely to occur without Economic Stimulus Programme (ESP).

The ESP was initially conceived as an economic project with sustainable livelihoods as its core focus. However, it was redesigned as a carbon project with a focus on environmental management, protection, conservation and development within the framework of enhancing carbon sequestration, reducing poverty in the poor areas through the promotion of income generating activities, training communities to access technology for forest production, markets and carbon financing.

The alternative of designing environmental project was considered and rejected in view of the extreme poverty and social issues in poor communities. Other alternatives discussed included (a) having a larger number of components, (b) a rural village enterprise managed by Community Development Fund (CDF) or all of its partners. The alternative selected reduced the complexity of the project. The Arid Lands Resources Management Project that has been tried and tested as being successful in the delivery of resources to communities was selected. The lessons learnt will assist with the carbon project aimed at reforestation, sustainable development in Kenyan degraded lands.

The ESP is in line with the priorities of Vision 2030 and National Climate Change Response Strategy. On its own, the Government of Kenya would not be able to meet the targets of this vision thereby the input of development partners and approach to mobilizing resources from carbon markets among other development partners like the World Bank, African Development Bank, French Development Agency, Swedish Development Co-operation would provide a higher probability of achieving the goals of the vision for the rural areas. The focus on environmental impacts and the mitigation measures that are inbuilt in ESP provide strong linkages between environmental integrity and the reduction of poverty in rural areas. The ESP support would provide for greater monitoring, supervision and evaluation for proposed development activities.

No environmental governance component: The original project was conceived without a focus on environmental governance issues of the Kenyan rural areas. Lack of environmental governance would have meant that the project activities would ignore compliance to requirements of sustainable use in relevant legislation and in particular environmental guidelines, procedures, practices safeguards, rules and regulations.

#### *Analysis of alternative construction material and technology:*

4,200 primary schools are involved in the tree planting initiative. Most of the planting will be done in degraded lands within and around schools. Some schools for example Funyula, Naivasha and Ahero have taken the tree planting initiative with excitement and doing much more with their own internal resources to sustain the process. Other project sites with tree planting, landscaping, beautification include; hospitals, market centres and around fish ponds. However, inadequate seedlings impact tree planting and not easy to obtain indigenous species.

#### *Affected parties consulted*

Athi-River Primary School, DEO, DFO; Naivasha and Laikipia Primary schools, DEO, DFO; Ahero and Bondo Primary schools, DEO, DFO; Nambale and Funyula Primary schools; DEO, DFO, Fisheries Local Government; Kitui and Mwingi Primary schools, DEO, DFO; Garissa Primary School, DEO, DFO; Nyeri and Murang'a Primary schools, DEO, DFO; Kwale and Kilifi Primary schools, DEO, DFO.

#### *Affected areas:*

- (a) Existing Indigenous Forest- Expansion and rehabilitation of market centres with jua kali sheds, hospital facilities and centres of higher learning may lead to clearing of some the existing indigenous forest affecting the rich biodiversity.
- (b) Rivers and wetlands\_
  - (i) construction of fish ponds along the lake shores or river banks may affect the wetland areas through pollution that may contaminate water and make it unsafe for domestic use.
  - (ii) Encroachment in the wetland supporting the river is foreseen, then the wetlands will be drained and the lake shores and river banks end affected that may result into deterioration of the ecosystem.

#### *Anticipated impacts and mitigation measures.*

<i>Potential Impacts</i>	<i>Mitigation Measures</i>
Soil erosion and compaction, increased dam sediments, obstruction of natural water channels	<ul style="list-style-type: none"> <li>• Develop soil erosion management measures</li> <li>• Limit the circulation of heavy machinery to minimal areas.</li> <li>• Locate access roads perpendicularly or diagonally to the slope rather than along steep slopes.</li> </ul>

<i>Potential Impacts</i>	<i>Mitigation Measures</i>
Increased waste deposits and blockage of open sewers, decreased oxygen levels in the fish ponds	<ul style="list-style-type: none"> <li>• At the end of drilling works, level off the soils and facilitate plant regeneration.</li> <li>• Plan work in sections to avoid opening up areas that are left undeveloped.</li> <li>• Encourage separate treatment for industrial and domestic effluent.</li> <li>• Conduct awareness on need of appropriate waste management practices including reduction, reuse, recycle, segregation, pre-treatment among others</li> <li>• Avoid open dumping of solid waste on wind ward side of the fish ponds.</li> <li>• Construction of waste screens and sediment traps.</li> </ul>
Reduced amount of water flow downstream, increased irrigation operations, reduced water quality including, contamination with heavy metals and nutrients, diversion of water	<ul style="list-style-type: none"> <li>• Observe the water Act, 2007, and the 30% water rights for downstream users.</li> <li>• Use of metering methods including v-notches and sluices.</li> <li>• Construction of sediment traps.</li> <li>• Keep natural water channels free from obstruction.</li> <li>• Conduct water quality monitoring at river recharge points.</li> <li>• Incorporate biological treatment methods in fish ponds to improve water quality.</li> <li>• Develop monitoring strategies and penalties for individuals diverting water from main sources.</li> </ul>
Avoid interference with animals drinking points, loss of vegetation cover/Deforestation, destruction of indigenous tree species in the forest, perturbation of terrestrial, aquatic and avian wildlife, increase in poaching due to non-resident workers, derangement of terrestrial, aquatic and avian wildlife (competition for food and water resources)	<ul style="list-style-type: none"> <li>• Avoid constructing at animals water drinking points.</li> <li>• Avoid selecting sites sheltering or frequented by wildlife.</li> <li>• Preserve migration corridors for wild and domestic animals.</li> <li>• All trees uprooted to pave way for weir and access construction should be replanted.</li> <li>• Avoid interference with wildlife breeding sites.</li> <li>• Control introduction of invasive plants and animal species in forest, sewage ponds and water bodies.</li> <li>• Promote the development of community nurseries.</li> <li>• Environmental conservation measures should be instituted.</li> </ul>
Degradation of air quality and ambient noise due to excavations operations, degradation of air quality by vehicles emissions and dust during constructions, interference with domestic and wildlife due to excessive and destructive noise evolution of odours and green house gases from stagnant water	<ul style="list-style-type: none"> <li>• Operate equipment with air pollution control systems.</li> <li>• Insulate noisy machines when working near animal habitats.</li> <li>• Maintain vehicles and machinery in good condition in order minimize gas emissions and noise.</li> <li>• Ensure continuous maintenance of sewage treatment plant and develop appropriate sludge handling procedures.</li> <li>• Avoid construction of fish ponds on windward side to avoid spread of dust emissions, odours.</li> </ul>
Migration communicable diseases, resources competition, loss of	<ul style="list-style-type: none"> <li>• Conduct continuous public awareness and encourage participation throughout the project span to discuss contentious</li> </ul>

<i>Potential Impacts</i>	<i>Mitigation Measures</i>
cultural heritage, destruction of private property including farm produce and other investments, loss of land, gender equity	<ul style="list-style-type: none"> <li>issues including compensation of project affected persons.</li> <li>Communicate on project progress to community members and alert on sections to be developed to reduce destruction and interference.</li> <li>Accord local community employment and business opportunity as a priority.</li> <li>Implement HIV/AIDS and other communicable diseases programmes in conjunction with line ministries.</li> <li>Establish labour camps at reasonable distance from villages.</li> <li>Where possible offer women equal employment opportunities to men.</li> <li>Develop secondary uses of fish farming to generate income.</li> </ul>
Injuries and accidents to workers, communicable diseases, suffocation, poisoning, floods, disease vectors, cultivation along fish ponds and water supply lines	<ul style="list-style-type: none"> <li>Complying with work place legal requirements, provision of protective professional equipment.</li> <li>Employment of competent work force, instituting safety drills, disaster preparedness and management programmes.</li> <li>Develop appropriate structures that meet recommended standards.</li> <li>Control disease vectors using appropriate methods.</li> <li>Conduct education and awareness on effects of cultivating using sewage water, inference with water supply etc.</li> </ul>

### ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED SAGANA GETAWAY ON L.R. NO. 27593/6, MURANGA SOUTH DISTRICT OFF NYERI-NAIROBI ROAD

#### INVITATION FOR PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) regulations, the National Environmental Management Authority (NEMA), has received an environmental impact assessment study report for the implementation of the proposed Sagana Gateway.

The proposed development entails establishment of a tourism and conference facility with 38 cottages, each with a capacity of 6 rooms, and 40 small housing units for staff. It also aims to put up a conference facility. The construction of the proposed project will however be phased, with the first phase seeing the establishment of 12 cottages. An additional 7 cottages will also be built in this phase. In the second phase, an additional 19 cottages and the staff housing units will be put up. All this units will be linked to septic tanks. The facility shall also have a central kitchen and dining facilities.

The proposed lodge is located in Muranga South District off the Nyeri-Nairobi Road on the road to Camp Malta and Maragwa Ridge. The proposed project is sited on 37.7 hectares piece of land on L.R. No. 27593/6 and one end of the property touches the Saba Saba River before Sagana River Bridge.

The following are the anticipated impacts and proposed mitigation measures

<i>Environmental Impacts</i>	<i>Mitigation Measures</i>
Increased soil erosion	<ul style="list-style-type: none"> <li>Minimal clearing of vegetation.</li> <li>Afforestation.</li> <li>Storm water channelled to the dam.</li> </ul>
Increased solid wastes	<ul style="list-style-type: none"> <li>Wastes composted.</li> <li>Other wastes burnt.</li> <li>Others wastes recycled.</li> </ul>
Contamination of Surface Water	<ul style="list-style-type: none"> <li>Septic tanks.</li> <li>Siting of septic tanks away from river</li> <li>Septic tanks monitored closely.</li> <li>During construction, workers provided with a pit latrine located away from the river and which will be decommissioned.</li> </ul>
Contamination of ground water	<ul style="list-style-type: none"> <li>Septic tanks lined with waterproof cement to contain any seepage.</li> </ul>
Increased noise	<ul style="list-style-type: none"> <li>Construction works undertaken during the day.</li> <li>Modicum of silence will be maintained during operations.</li> </ul>
Increased dust	<ul style="list-style-type: none"> <li>Road will be water during construction.</li> <li>Road paved during operations.</li> </ul>
Impact on wildlife	<ul style="list-style-type: none"> <li>Solid waste bins and disposal points covered.</li> <li>Visitors educated against feeding animals.</li> </ul>
Over extraction of Water	<ul style="list-style-type: none"> <li>Installing water meter.</li> </ul>

INVITATION FOR PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) regulations, the National Environmental Management Authority (NEMA), has received an environmental impact assessment study report for the implementation of the proposed residential flats development.

The proposed development involves construction of a four storey residential flat building comprising of two bedrooms, living rooms, balcony, kitchen and washing rooms. The development will also include a waste collection centre (WCC), parking area and underground storage tanks.

The proposed project is located in Thindigua, Kiambu District on L.R. No. 76/641 off Thindigua Highway on the way to Lauret High School.

The following are the anticipated impacts and proposed mitigation measures
